# MISSION AND HISTORY OF THE SCHOOL

## *MISSION*

Manhattan School of Music is deeply committed to excellence in education, performance, and creative activity; to the humanity of the School's environment; to preparing all our students to find their success; and to the cultural enrichment of the larger community. A premier international conservatory, MSM inspires and empowers highly talented individuals to realize their potential. We take full advantage of New York's abundant learning and performance opportunities, preparing our students to be accomplished and passionate

performers, composers and teachers, and imaginative, effective contributors to the arts and society.

## *HISTORY*

From its beginnings as a small community music school to its current incarnation as a top conservatory, Manhattan School of Music has upheld a tradition of excellence in music education. The School was founded in 1917 by pianist and philanthropist Janet D. Schenck. Then called the Neighborhood Music School, it was located on Manhattan's Upper East Side and tasked with bringing high-quality musical training to

the immigrant communities of New York City. By re-establishing the musical communities that had existed in these immigrants' home countries, Schenck hoped to further the nascent cause of American music. To that end, the School developed its resources to educate the complete musician.

By 1928, enrollment at the School had reached 400 students. Under additional artistic guidance from Pablo Casals, Harold Bauer, and Fritz Kreisler, the Neighborhood Music School erected a new building and, in 1938, changed its name to Manhattan School of Music. In the space of twenty years, the school had built a

national reputation. By 1943, the School offered the Bachelor's degree; advanced degree programs soon followed.

In 1956, Dr. Schenck retired and John Brownlee, noted Metropolitan Opera baritone, was appointed director, a title later revised to president. President Brownlee initiated the idea of relocating the School to the Morningside Heights neighborhood; his death occurred only months before his efforts were realized. In 1969, George Schick, Metropolitan Opera conductor, accompanist, and distinguished opera coach, succeeded Brownlee as president and led the School's move to its present location. John O. Crosby, founder and general director of the Santa Fe Opera,

was appointed president in 1976; Gideon W. Waldrop was appointed in 1986; and Peter C. Simon in 1989.

Marta Casals Istomin, former director of the Kennedy Center for the Performing Arts, served as president of the School from 1992 until 2005. Her tenure saw the construction of the G. Chris and SungEun Andersen Residence Hall, which opened in 2001. In addition to student housing, Andersen is home to the William R. and Irene D. Miller Recital Hall and the Alan M. and Joan Taub Ades Performance Space; the Peter Jay Sharp Library; and 108 practice spaces. Dr. Robert Sirota, appointed president in 2005, oversaw significant growth at Manhattan School of Music during his seven-year tenure,

instituting the critically acclaimed Contemporary Performance Program and, in 2010, the innovative Center for Music Entrepreneurship, as well as the addition of the Solomon Gadles Mikowsky Recital Hall, a new state-of-the-art recital space.

Under the current leadership of Dr. James Gandre, who assumed the presidency in May 2013, Manhattan School of Music continues to uphold the mission that Janet Schenck began over 90 years ago. Now home to 950 students from over 40 countries, the School is a thriving international community of artists. As MSM continues to grow, its focus remains the same: the education of tomorrow's leaders in the arts.

Currently only undergraduate students are eligible to take courses at Barnard College.

**STUDENT USE

# OFFICE OF THE REGISTRAR

## **REGISTRATION AND ACADEMIC STATUS**

The Office of the Registrar pre-registers students for courses according to their program requirements. It is the individual student's responsibility, however, to ensure that he or she is meeting those requirements in a timely manner.

No student will be permitted to attend classes or lessons until payment of tuition and fees has been made in accordance with the arrangements described in tuition and fees.

### **Registration for New Students**

Permission to register for classes is granted to new students and former MSM students beginning a new program only if they have been formally admitted through the Office of Admission and Financial Aid. Instructions and materials for registration are available at the times designated for new student registration.

### **Registration for Continuing Students**

In April and November, all current students who expect to continue their studies in the following semester are required to register for classes.

### **Registration for Returning Students**

Returning students are defined as:

- 1) Students returning after an official Leave of Absence; or 2) A former student seeking to

complete unfinished degree requirements and formally readmitted by the institution. Such students should contact the Office of the Registrar in writing or by email and set up an appointment with a counselor.

Undergraduate students transferring to MSM may have credits transferred from a previous school or schools to Manhattan School of Music. MSM will consider the transfer of course credit with the grade of C or above in Core Humanities courses and Humanities electives. Credit for core Aural Skills, Keyboard Skills, Required Piano, Music Theory, and Music History is granted on the basis of placement exams administered at the beginning of the student's first semester.

MSM does not accept for transfer credit AP credits, college courses taken in high school which count toward the high school diploma, nor courses which have been used to fulfill requirements of a previous degree program.

### **Credit Limit**

Full-time students are defined as those enrolled for 12 to 18 credits. Matriculated students are those working towards a degree or diploma. The School does not permit students to register for part-time status (less than 12 credits). Exceptions to this policy are made for students completing their last semester of undergraduate study, and otherwise on a case-by-case

basis. Applications for part-time status are available in the Registrar's Office.

### **Undergraduate Status**

Undergraduate status is determined by the number of credits successfully completed or transferred:

- 1–30 credits=freshman
- 31–60 credits=sophomore
- 61–90 credits=junior
- 91+credits=senior
- 120=minimum for graduation

### **Major Teacher Change**

Teacher assignments are made with great care and consideration for each student. Changes must be requested in writing and submitted to the Office of the Provost, and must be end of the Add/Drop period. Applications for and information on changing teachers may be obtained from the Office of the Provost. After a student changes teachers, the former teacher is excluded from grading the student at subsequent juries and auditions. In general, teacher assignments are subject to change based on teacher availability.

### **Program Change**

Students who wish to change their course of study from one discipline to another must re-audition. Audition dates and information on requirements of a new program of study may be obtained from the Office of Admission and Financial Aid. Information regarding

the transfer of credits from one program to another may be obtained from the Office of the Registrar.

## Placement Exams and Deficiency Courses

All new classical, jazz and orchestral program students are required to take placement exams in Theory, Aural Skills, Music History, sight-reading (Piano majors only), keyboard skills (non-Piano majors only), and fretboard harmony (Classical Guitar majors only). These exams take place in August before the fall semester begins.

Students are required to complete all elementary courses successfully before registering for classes prescribed in their course sequence plans. Elementary courses become part of a student's degree or diploma program. They may not be used to fulfill requirements (with the exception of TH2883). The length of a degree or diploma program may be extended for students who are required to take elementary courses. Students required to take English Language courses should be aware that this may extend their program for one additional year or more.

## Qualifying Examinations

If a student is already capable of meeting the requirements for a particular course, he or she may demonstrate proficiency through a qualifying examination. Qualifying examinations are offered in Theory, Aural Skills, Keyboard Skills (Piano, Organ, and Collaborative Piano majors

only), Music History, Required Piano (non-keyboard and non-guitar majors only), and fretboard harmony (Classical Guitar majors only). Applications for these examinations are available in the Office of the Registrar. A fee is charged for Theory, Aural Skills, Required Piano and Keyboard Skills examinations.

Students will be allowed to take a Theory/Aural Skills placement and qualifying examination for a particular course only once. Additionally, students may only qualify in Theory/Aural Skills courses one level at a time. Notices of Qualification must be approved and submitted to the Registrar's Office by the appropriate department chair before the end of the Add/Drop period.

## Schedule Changes/ADD/DROP Period/Course Withdrawals

Students may request changes in their schedules only during the Add/Drop and Withdrawal Periods listed in the Academic Calendar. No schedule changes are possible after the conclusion of the Add/Drop and Withdrawal Periods, unless approved in writing by the Provost. No schedule change is considered official until it is processed by the Office of the Registrar.

**Add:** Courses may be added by filing the appropriate forms in the Office of the Registrar during the Add/Drop Period. In addition to the approved Add form, a completed Permission to Enroll form and/or Over Credit form may be required in some cases. Only after the completed form(s)

have been filed in the Office of the Registrar may the student officially enroll in the course.

**Drop:** Non-required courses may be dropped by filing the appropriate forms in the Office of the Registrar during the Add/Drop Period. Failure to file the completed Drop Form will result in the student's continued enrollment in the course. Continued enrollment without attendance will result in an automatic Failing grade.

**Course withdrawals:** Students may withdraw from a course after the Add/Drop period by filing a petition in the Office of the Registrar. An approved Withdrawal results in a grade of W being applied to the course if request is made after the deadline to withdrawal without a grade of W. See Academic Calendar for deadline. While the grade of W does not affect the student's grade point average, the course remains on his or her record, with the student remaining responsible for the credit associated with the course. Failure to file a petition constitutes continued enrollment in the course, and the student is subject to the requirements and responsibilities of the course. Failure to Withdraw or complete the requirements will result in a Failing grade. Deadlines and regulations concerning dropped and withdrawn courses will apply.

## Elective Credits

Elective credits are those credits not distinctly specified in a particular major's course sequence. Electives are either general or department-specific.

Students are allowed to take courses in other departments as General Electives, as long as there is space available in the course for non-majors and they meet the pre-requisites.

Students are not permitted to take major lessons in order to fulfill elective credit requirements.

## Lessons

Full-time lessons are scheduled for fourteen (14) one-hour sessions per semester. Undergraduate students are required to take at least eight (8) semesters of full-time lessons, graduate and doctoral students are required to take at least four (4) semesters and professional studies and artist diploma students are required to take two (2) semesters. The number of semesters of full-time major lessons required of transfer students is determined at the time of acceptance into the school and is dependent upon the performance level at the audition.

Students who have completed their major lesson requirement but have not performed their Graduation Project (Accompanying majors only), Concerto requirement (Piano majors only), Graduation Jury and/or Recital, are required to register for half-time lessons in order to prepare for the requirement. Half-time lessons are seven (7) sessions at three (3) credits for graduate students and two (2) credits for undergraduate students.

Students may not take lessons outside their area of major study.

## Non-Major Lessons

Students are allowed to take 14 lessons per semester outside of their major for a certain amount of elective credit if they receive all of the proper permissions and pay a fee (\$4000 p. semester 2019-2020)

## Schedule of Classes

Class times are published in the schedule of course offerings available at registration, with periodic updates. Under-enrolled courses are subject to cancellation at any time during the first two weeks of classes.

## Barnard College Cross-Registration Program

A special program of cross-registration between Manhattan School of Music and Barnard College allows qualified MSM Juniors and Seniors to have access to the greater variety of academic courses taught at Barnard. Students must be in good academic standing with a cumulative MSM grade point average of at least 3.0. Registration for appropriate Barnard courses must be approved by both the MSM and Barnard Offices of the Registrar. A surcharge of \$110 per credit for a Barnard course will be assessed by the MSM Bursar. A Barnard course may not be taken as pass/fail, and is subject to Manhattan School of Music's add/drop/withdrawal schedule.

## Auditing

Students may petition to audit a course for no credit if space is available in the class. Outside

auditors are not permitted. Approval of the instructor and department chair is required. No charge will be assessed for the first course audited in an academic year. A fee of \$500 will be charged for each additional course audited in an academic year.

Courses taken as "Audit" are subject to the same Add/Drop/Withdrawal deadlines as regular courses. No grades are given for courses that are audited.

## Independent Study

Independent Study provides the student with an opportunity to engage in exceptional research projects. Independent Study Forms are available in the Office of the Registrar. Such requests will be reviewed for approval by the Registrar and the Provost. A student may take no more than one Independent Study during his or her residency in any program of study.

## STUDENT EXCHANGE PROGRAMS

MSM students are eligible to apply for exchange programs with MSM partner schools. Applicants for exchange programs should be current MSM sophomores or first-year grads, and exchange programs may be one semester or one year. Since requirements and length of study vary from one school to the next, please request information for specific programs from the Office of the Provost. Applicants must be in good standing at MSM.

MSM currently has international exchange programs with the following schools: Royal College of Music (London); Paris Conservatory, Royal Danish Academy of Music (Copenhagen); Norwegian Academy of Music (Oslo); Sibelius Academy of Music (Helsinki, Finland); Musikhochschule (Stuttgart); Amsterdam Conservatory; Shanghai Conservatory; Central Conservatory (Beijing).

Students pay tuition, health insurance (if not covered by the partner school), and all required student fees at Manhattan School of Music. Students are responsible for all living, travel and personal expenses. Manhattan School of Music students are eligible to continue to receive their financial aid during their study abroad.

To be considered for eligibility, a Manhattan School of Music student must make a formal application. Applications and information about deadlines and procedures is available through the Office of the Provost. To qualify for exchange programs, students must:

- Have a minimum G.P.A. of 3.0
- Have received a minimum grade of A- on the most recent jury
- Have an academic advisement meeting with the Registrar to plan and confirm a course of study
- Represent the School in a positive and enthusiastic manner

Application materials will be reviewed by members of the Exchange Program Committee

and candidates will then be selected. The materials of the MSM students who are selected will then be submitted to the partner schools, which will make the final determination of the candidate's acceptance.

## **ACADEMIC REGULATIONS**

### **Academic Honesty**

All students have an obligation to behave honorably and to respect the highest ethical standards in carrying out their academic assignments. Academic dishonesty is defined to include any form of cheating and/or plagiarism. Disciplinary sanctions, including lowered or failing grade, probation, or dismissal, may be administered in cases involving academic dishonesty or falsification of academic information. All allegations of academic dishonesty will be referred to the Provost. In clear-cut cases, such as documented plagiarism, the Provost may offer a summary judgment, which will include sanction or mediation designed to bring the matter to a conclusion. In a case that has received summary judgment, the student may appeal the decision to the Dean's Council. Also, the Provost may elect to bring the case directly to the Dean's Council. The Council consists of three faculty members, who, along with the Provost and the Dean of Students, will conduct a hearing and render an opinion. The decision of the Dean's Council will be final.

### **Satisfactory Academic Progress**

All students are expected to maintain good academic progress throughout their degree studies. Good academic standing includes a grade of at least B- in their major subject, performance ensembles, and required ESL courses and grades of C or better in all other subjects. If a student fails to meet the requirements for good standing, his or her record will be brought under review by the Committee on Academic Progress.

### **Probation**

All students are expected to make good academic progress throughout their degree studies, and to advance artistically in their professional musical training. The Committee on Academic Progress reviews all student records at the end of each semester, and will identify students who fall below MSM's academic or artistic standards (defined below). The Committee has latitude to judge the efforts and progress of each student, comparing grades earned from one semester to the next, taking into account special circumstances, and investigating issues with particular instructors. The Committee can recommend probation, continuing or final probation, or dismissal. The Committee may also recommend or require tutoring or counseling.

For courses that are part of an MSM student's professional training, including lessons, ensembles and performance courses, students must maintain a grade point average (GPA) of at least 3.0. Any student who

receives a grade of C or lower in any semester of lessons or ensemble will automatically be placed on probation.

For all non-performance academic courses, including humanities courses and classroom courses in music, students must maintain a GPA above 2.0.

In addition to overall GPA, repeated failure of required courses may be grounds for probation.

Students with grades or GPAs far below MSM's standards, as well as students who have been on continuing or final probation, may be subject to dismissal.

### **Dismissal**

Grounds for dismissal include unsatisfactory academic and/or musical progress; any form of cheating and/or plagiarism or falsification of academic information; a failing grade in major lessons, jury examinations and/or performance ensembles; and violation of the Standards of Personal and Group Conduct and/or official School policies.

Students dismissed at the conclusion of any semester are ineligible to attend the School for two consecutive semesters. Information regarding reapplication to the School and auditions is available from the Office of Admission and Financial Aid.

The School retains the right to dismiss any student whose continued attendance or behavior

is considered detrimental to the interest of his or her fellow students or of the School.

### **Attendance**

Regular and punctual attendance is required at all lessons, classes, and rehearsals. Faculty set the specific attendance policies for their courses, and publish these policies in the course syllabus or handbook. Any exceptions, such as excused absences for reasons of illness or other compelling emergencies, may be considered and granted at the discretion of the individual faculty member. Absences due to illness must be reported by the student to the Office of Student Engagement, and should be accompanied by documentation from a physician or the MSM Campus Health Nurse. In cases of serious illness the Dean of Students will communicate with all the teachers of an individual student in order to make sure that faculty are aware of the student's situation.

Absence affects learning and performance. Any student who misses lessons, classes, and rehearsals for reasons that the teacher considers insufficient may be referred to the Dean of Students for permission to continue in the class. Students with excessive or unexcused absences from lessons, classes, or rehearsals may receive a lowered or failing grade. Even in cases where absences are excused, it may be necessary for a student to withdraw from a course because of excessive absence.

Private lessons constitute the core performance study for every student. If a student needs to cancel a studio lesson for any reason, the student should immediately inform the studio teacher. In cases of documented illness or other emergency, the teacher will attempt to make up missed lessons at a mutually convenient time. The studio teacher is not obligated to adjust lesson times or make up lessons that were canceled for non-illness, non-emergency reasons. Any student who has two consecutive unexcused absences in his or her private lessons may be required to see the Dean of Students before lessons may resume.

No student may be absent from the school for professional engagements unless permission for such absence is granted by the Office of the Provost well in advance of all such engagements. Students who wish to pursue a professional opportunity over several days must apply for a professional leave, using the form available in the Office of the Provost. Typically the professional leave may not extend for more than two weeks.

### **Religious and Other Holidays**

Manhattan School of Music is sensitive to the needs of students who wish to observe religious or other holidays during the academic year. To accommodate the planning needs of studio teachers, classroom teachers, and ensemble directors, students who anticipate being absent for religious or other holidays must inform their teachers and

ensemble directors in writing during the first week of classes at the beginning of each semester listing the exact date/dates that the student will be absent. The student should also give a copy of the request to the Provost. If students follow the preceding policy and understand that they are responsible for classroom work and ensemble obligations missed, absence for religious or other holidays will be excused. Students who do not inform their teachers in writing with a copy sent to the Provost during the first week of classes will not be excused.

### Concert Attendance (CA1000)

Attending concerts is a vital and important part of the total educational experience. MSM Concert attendance is a great opportunity to hear music brought to life by the entire community as well as distinguished visiting artists. The administration chooses a wide array of performances to meet the concert attendance requirement.

For undergraduate students (BM/DP), concert attendance is required for six semesters out of eight; students must register

for it their first semester and each subsequent semester until the requirement is fulfilled. The requirement for transfer students is pro-rated: students admitted into the second year of an undergraduate program must complete four semesters out of six; into the third year, two semesters out of four.

For graduate students, concert attendance is required for two semesters out of four (MM/PG) or one semester out of two (PS); students must register for it their first semester and each subsequent semester until the requirement is fulfilled.

Students registered for concert attendance are required to attend seven major concerts and/or master classes per semester. A list of approved concerts is available from the Office of the Registrar at the beginning of each semester. Performance in any portion of an approved concert does not count toward fulfilling the Concert Attendance requirement.

### Verification of Attendance

A student's Manhattan School of Music ID card is the mechanism by which attendance at an

approved concert is verified. At the end of the concert, house ushers will electronically scan the barcode on the ID which will be recorded in a central database.

A student is registered for Concert Attendance by the Office of the Registrar each semester until the requirement has been satisfactorily met. Failure to attend the appropriate number of concerts by the end of the semester will result in a failing grade. If a student does not intend to complete Concert Attendance in a particular semester, it is the student's responsibility to drop Concert Attendance from his or her official schedule. Failure to do so will result in a failing grade. Additionally, if it is discovered that a student has misrepresented his or her attendance at a concert, the student will receive an F for the semester. In all cases, the grade remains on the student's official transcript.

### Dean's List

Qualified Bachelor and Master's level students who meet certain academic standards are named to the Dean's List each semester. These standards include: a grade point average of 3.9 or

### Residency Requirements

*Residency requirements for degree and diploma programs at Manhattan School of Music are as follows:*

PROGRAM	NORMAL RESIDENCY	MINIMUM RESIDENCY	LIMITATION
Diploma	4 years	2 years	7 years
Bachelor of Music	4 years	2 years	7 years
Postgraduate Diploma	2 years	2 years	5 years

better, twelve or more credits of graded courses (other than P or Q grades), and no failing grades for the semester.

## Final Examinations

Final examinations are held during the 15th week of each semester. Students who fail to take a required class examination may be given an Incomplete by the teacher if all other work for the course has been satisfactory. All Incomplete grades must be pre-approved by the Provost. Incomplete grades will be converted to failing grades by the Registrar if the final grade is not received by the end of the following semester. Students who are taking large group examinations in the Music History and Theory Departments will be required to show their MSM ID cards before beginning the exam. Students who have final exams that fall on the Friday of exam week of the spring semester will be given their final exam on the final day of classes.

## Juries and Recitals

Every enrolled student is required to take an annual Jury Examination in May. Students should be aware that the number of juries listed in the Department Major grids is the minimum needed to graduate. Some students may be required to take additional juries as a result of teacher requests, scholarship continuation, or the extension of the normal length of the degree program as the result of illness, leaves-of-absence, or other extraordinary circumstances.

Students who are off-sequence as the result of being admitted in January or having taken a semester Leave-of-Absence take juries in December. There is a Sophomore Continuation Jury to ensure that a student's progress merits continuation in his or her program of study. Jury comments are available to be read two weeks after the end of examination week in the Office of the Registrar.

A student who is absent from the Jury Examination without prior approval will receive a failing grade and automatically be placed on academic probation. A jury may be postponed only for documented medical reasons approved by the individual department chair.

A Graduation Recital and/or Jury, if required, must take place within the final thirty credits required to complete a degree and once the student has less than two semesters of major lessons remaining. Students must apply to the Scheduling Office for a recital date. The recital program must be approved by the major teacher and the department chair. A copy of the recital program must be submitted to the Office of the Registrar before graduation. All Graduation Juries are scheduled through the Office of the Registrar.

Doctoral candidates should refer to the appropriate course sequence plan, pages 81-84, for performance requirements.

Students must be registered through the School for major lessons until completion of the Graduation Performance

requirement. Students who wish to participate in Commencement must fulfill all performance and academic requirements prior to the date of Commencement.

## Advanced Standing Examinations

In rare cases, undergraduate students may accelerate their program in performance by means of an Advanced Standing jury. A successful Advanced Standing jury will allow a student to graduate early, provided all other academic requirements are also met early. Advanced standing can only be granted for one semester. To start the process, the student submits a petition for advanced standing to the Registrar's office. This petition must indicate the approval of both the major teacher and the department chair, and must be turned in no later than March 1 of the academic year in which the advanced standing jury is to take place. Please note that some departments may have earlier deadlines for application. In order to apply for an Advanced Standing jury, a student must:

- be an undergraduate junior
- have a cumulative GPA of 3.7 or higher
- have received a grade of A- or received a lesson grade of A over the last year and no lesson grade lower than A- in all major lessons
- have received a grade of 8.5 or higher in all previous juries
- be on track to complete all academic requirements by the time of the proposed graduation

Advanced standing juries may be taken only once, and the results of the jury are final. Graduate students are not eligible for advanced standing.

### Petitions

A student has the right to petition the administration regarding any topic that is not covered in the current school catalog, yet pertains to study at the School. Forms are available in the Office of the Registrar and the Office of the Dean of Students.

### Transcripts

The Office of the Registrar retains the original copy of each student's academic record. Transcripts for currently enrolled students are issued without charge in support of applications to new programs at Manhattan School of Music.

Upon request, the School may disclose educational records without a student's consent to officials of another school in which a student seeks or intends to enroll.

Official transcripts, carrying the School's seal and an official signature, may be issued only upon the written request of the student. Transcripts are not issued while a student is in arrears or in default on student loans or if there are any outstanding fees or charges from any School office. The Office of the Registrar will only issue transcripts from MSM degree programs.

### Leaves of Absence/Withdrawal

For more information regarding MSM's Leave of Absence and Withdrawal policies, please visit [msmny.edu/about/offices-staff/registrar/leaves-withdrawals/](http://msmny.edu/about/offices-staff/registrar/leaves-withdrawals/)

*Please be advised that leaves and withdrawals may affect immigration status and/or financial aid. You should consult with those offices as part of your decision-making process.*

### Transfer Credit/Credit by Examination

Transfer credits from other nationally accredited institutions may be accepted into a degree or diploma program through evaluation of official documents by the Office of the Registrar. Transcripts of such course must show a grade of C or above. Students who have attended universities overseas where English is the language of instruction may petition to have humanities courses considered for transfer credit. This petition will be reviewed by the Chair of the Humanities Department. Transfer credit is not given for courses from institutions where the language of instruction is other than English.

Academic credit may be earned by placement or qualifying examination. Performance credit may be earned by advanced standing jury.

A maximum of sixty transfer or examination credits may be applied towards an undergraduate degree or diploma. No transfer credit will be granted for credits used towards another degree or for major lessons and ensembles.

### Fulbright Program

The Fulbright Scholars Program, administered by the Council for International Exchange of Scholars (CIES), are awarded to graduate students, graduating seniors, and other candidates of exceptional ability who wish to pursue study abroad. Grants are made to United States citizens and nationals of other countries for a variety of educational activities, primarily advanced research, graduate study, university teaching, and teaching in elementary and secondary schools. Information regarding the Fulbright Program is available from the Provost's Office.

## GRADING

### Grading System

CREDIT GRADES		Numerical Equivalent
A	Excellent	4.00
A-		3.67
B+		3.33
B	Good	3.00
B-		2.67
C+		2.33
C	Fair	2.00
C-		1.67
D+		1.33
D	Poor	1.00
D-		.67

### Major Lesson/Jury Examination Grading

If a student receives a grade between C+ and D- for major lessons or a Jury Examination, the Dean of Students, Provost, Department Chairperson, and major teacher will meet to discuss

the general quality of applied work. If it is agreed that the grade is not representative of the student's work, Probation will not result, but the grade will remain on the student's transcript. If Probation results, it will be for one semester. The student is then re-evaluated through a Jury Examination at the conclusion of the following semester. If the student receives a B- or higher, he or she is taken off Probation; if the grade remains between C+ and D-, Probation continues until the Jury Examination at the conclusion of the following semester. If the quality of work does not improve by that time, the student will be dismissed.

Students who receive a failing grade for major lessons or Jury Examination are immediately dismissed from the School.

### **Classwork Grading**

If a student receives a D+ or lower in one class, the student will receive a warning letter from the Registrar. If a student receives more than one of these grades, the student will be subject to Probation or Dismissal.

### **Non-Credit Grades**

- F Failure
- I Work Incomplete (by petition only)
- W Withdrawn
- P Passing (used for deficiency courses or when a letter grade is not required to show successful completion of work and is not included in GPA)

- AU Audit Class
- IP In Progress (for DMA students only, this grade is not factored into overall GPA)

### **Incomplete Grades**

Incomplete grades can be given only with the approval of the Provost in consultation with faculty members. An Incomplete will appear on a student's permanent transcript indicating late completion of the course. Once the work has been completed and a grade has been issued by the faculty member, the Incomplete will be changed to a permanent letter grade. Students receiving Incomplete grades are required to complete all work by the end of the following semester; if the work is not completed, the Incomplete will be changed to an F automatically.

### **Manhattan School of Music Policy Regarding FERPA (The Family Educational Rights and Privacy Act)**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They are:

1. The right to inspect and review the student's educational records within 45 days of the day the School receives a request for access.

Students should submit to the Registrar or other appropriate official, written requests that identify the record(s) they wish to inspect. The School official

will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the School official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's educational records that the student believes is inaccurate or misleading.

Students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the student, the School will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to School officials with legitimate educational interest. A School official is a person employed by the institution in an administrative, supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the School has contracted (such as an attorney, auditor, collection agent, or security guard); a person serving on the Board of Trustees; or, when deemed appropriate a student serving on an official committee, such as a disciplinary or grievance committee, assisting another School official in performing his or her task, or employed as a worker.

Legitimate educational interest is defined as the determination of the right of a School of the official to review an educational record in order to fulfill his or her professional responsibility. In addition, the official must be able to demonstrate that the review is directly related to the student's educational welfare or the safety of the student and/or other members of the School community.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Manhattan School of Music to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue, SW  
Washington, D.C. 20202-4605

5. Schools may disclose, without consent, directory information including a student's name, telephone numbers (permanent, primary, and cellular), addresses (including electronic mail), date and place of birth, major, honors, awards, photograph, classification, dates of enrollment, degrees conferred, dates of conferral, graduation, distinctions (including Dean's List), and the institution attended immediately prior to admission. Students who wish to restrict the release of such information are required to notify the Office of the Registrar in writing within 10 days of the first day of the semester of enrollment.

#### **Student Right to Know Act (Disclosure of Institutional Graduation/Completion Rates)**

Manhattan School of Music provides the following information regarding its graduation/completion rates. The information is provided in compliance with the Higher Education Act of 1965, as amended. The rates reflect the graduation/completion status of students who enrolled during the 2010-2011 school year and for whom 150% of the normal time-to-completion has elapsed.

During the fall semester of 2010, 98 first-time, full-time, certificate or degree-seeking Undergraduate students entered Manhattan School of Music. After 6 years (as

of August 31, 2017) 69% of these students had graduated from the institution or completed their programs.

Questions related to this report should be directed to: the Registrar at (917) 493-4418.

While reviewing this information, please bear in mind:

- The graduation/completion rate is based on 6 years of attendance that equates to 150% of our longest program.
- We have elected not to report our transfer-out rate because the School's mission does not include providing substantial preparation for students to enroll in other institutions.
- The graduation/completion rate does not include students who left the school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded.

#### **VA Pending Payment Compliance**

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent nor delay the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources available to other students who

have satisfied their tuition and fee bills to the institution, including but not limited to access to classes, libraries, or other institutional facilities.

However, to qualify for this provision, such students may be required to:

- Produce the Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

Manhattan School of Music seeks to provide the artistic and technical training necessary for the aspiring professional musician. At the same time, the School believes that it is of prime importance for professional musicians to possess as broad a general knowledge as possible and to extend the understanding of their art beyond the area of their specialization.

## UNDERGRADUATE

The undergraduate programs of study at MSM consist of four areas of concentration:

1. Major field of study
2. Coursework in musical subjects
3. Ensemble performance
4. Humanities studies

### Bachelor of Music

The Bachelor of Music degree is a four-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the

requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation.

In instances where applicants to the undergraduate division already possess a Bachelor's degree from another school, they may be awarded the MSM Bachelor of Music degree upon fulfilling the specific musical requirements set forth in the curriculum. While MSM generally requires a student to be full-time for the duration of their BM program, a student in the final semester of the program who has completed enough of the requirements may apply to be part-time in that semester.

### Unified Core Curriculum

During the freshman and sophomore years at MSM, students in the classical division take a sequence of courses especially designed to unify, coordinate, integrate, and interrelate basic studies in music theory (counterpoint, harmony, form, and analysis), music history (an exposition of the evolutions and revolutions of musical style and traditions in Western classical music from c. 1000 until the present), and the humanities (the discipline of the intellect—reading, writing, critical judgment, articulate speech—as well as a chronological survey of Western civilization from the wellsprings of Classic Greece until the present—history, politics,

philosophy, art, geography). The core sequence includes seminars in which students actively participate through discussion and writing. The core sequence also includes lecture classes where general trends and concepts of theory, music history, and the progression of Western civilization are described. The unified core curriculum prepares the undergraduate student to take intense, specialized, elective courses in the junior and senior years.

## Humanities

The four-year undergraduate program of study in Humanities at MSM is designed to prepare professional musicians for a full life as cultured citizens. All students in the undergraduate degree program are required to take 24 credits (voice students, 18) distributed among Humanities Core and Elective classes. Students are trained to think and write clearly, to analyze carefully, and to read the basic texts of the cultural tradition. Advanced courses include multicultural interdisciplinary classes which combine music, art, and literature. Transfer students may receive credit for equivalent courses at other institutions.

## Diploma

The Diploma course is the same as the Bachelor of Music degree minus the Humanities Core and Humanities Elective requirements. The Diploma represents recognition of accomplishment in the field of

music, but it does not carry with it the rights and privileges of a college degree.

For audition requirements and course sequence plans for undergraduate programs of study in all majors, see Departments by Major.

## GRADUATE

The graduate programs of study at MSM consist of three areas of concentration:

1. Major field of study.
2. Coursework in musical subjects.
3. Ensemble performance.

### Master of Music

The Master of Music degree is a two-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation. MSM requires full-time status for all four semesters of the Master's program.

### Dual Degree at the Master's Level from Manhattan School of Music and Teachers College Columbia University

Manhattan School of Music and Teachers College Columbia University offer a dual degree at the Master's level. The program is an accelerated one, designed to be completed in three years, rather than four, at the end of which the student will have an

MM (Master of Music) from Manhattan School of Music and an MA (Master of Arts) with New York State K-12 Music Teacher Certification from Teachers College Columbia University. Students accepted in the Master's program at Manhattan School of Music first complete the two years of MM requirements at MSM. Students should identify their interest in the dual degree during the first semester of study at MSM so that the required coursework and fieldwork can be completed in preparation for the degree at Teachers College. To be considered for acceptance into the dual degree program, MSM students must have at least a 3.0 GPA and successfully complete the Teachers College Columbia University admission process:

- Teachers College application form and fee
- 2 letters of recommendation: one from MSM Director of Community Partnerships and one from MSM Assistant Dean of Academics
- official transcripts for all undergraduate and graduate work
- personal statement about teaching experiences at MSM and decision to pursue an additional degree in music education

Once accepted by Teachers College, students are expected to take at least 3–6 credits at Teachers College the summer following MSM graduation. In the following fall semester, students must enroll in 10–12 credits at Teachers College. In the spring semester, students enroll in two

sections of student teaching and complete any remaining course requirements at Teachers College.

For detailed information, please contact the Director of Community Partnerships at Manhattan School of Music.

### **Postgraduate Diploma**

The Postgraduate Diploma course is the same as the Master of Music degree minus up to six general

graduate elective credits. The Diploma represents recognition of accomplishment in the field of music, but it does not carry with it the rights and privileges of a college degree.

For audition requirements and course sequence plans for graduate programs of study in all majors, see Departments by Major.

### **Auditions Requirements**

Applicants should submit no more than three scores, representative of their own creative work. Arrangements, orchestrations of the works of others or exercises in historical styles should not be submitted. It is suggested that the submissions demonstrate as much variety as possible in instrumentation and form. Although MIDI recording are accepted, it is preferred that scores be represented by acoustic recordings. All Composition applicants' portfolios are pre-screened by members of the Composition Faculty. Invitation to the audition is dependent upon the Faculty's acceptance of the work submitted by each applicant.

The audition consists of three parts. First, a three-hour examination in dictation, counterpoint, harmony, serial and set theory procedures, instrumentation, and two short composition exercises. Second, there is Composition Project assigned during the examination. Applicants must complete the project according to the instructions given and bring four copies of the finished project with them to their interview. Third, applicants meet with the Composition Faculty in a private interview of approximately 15 minutes, during which they will present their completed Composition Project followed

by works from their portfolio. Applicants should bring four bound copies of their scores to the interview, along with recording of the works they wish to present in electronic format (via laptop, cell phone, notepad, or CD). It is advised that composers bring their recordings in more than one electronic format.

### **Composer Concerts**

It is a departmental requirement that any student taking lessons with a private teacher must have at least one performance every year in one of the eight departmental Student Composer Concerts.

### **Juries**

Each student compiles a portfolio of work and recorded performances for the year-end Jury, a meeting with the entire Faculty which reviews and evaluates each portfolio.

For complete information regarding audition requirements and application information and deadlines, please contact the Office of Admission and Financial Aid.

### **GRADUATION REQUIREMENT: Thesis**

During the final year, each student must complete an orchestral piece in the first semester. It is submitted to the Faculty for possible inclusion in a public concert at the School in the second semester. Graduation is contingent upon the Faculty's acceptance of this work.

## **GRADUATE**

*Master of Music degree program

### **Audition Requirements**

Applicants should submit no more than three scores, representative of their own creative work. At least one of these scores must be an orchestral work. Arrangements, orchestrations of the works of others or exercises in historical styles should not be submitted. It is suggested that the submissions demonstrate as much variety as possible in instrumentation and form. Although MIDI recording are accepted, it is preferred that scores be represented by acoustic recordings. All Composition applicants' portfolios are pre-screened by members of the Composition Faculty. # CONTEMPORARY PERFORMANCE

The Contemporary Performance Program at MSM is a vibrant community of graduate students who are passionate about the music of our time. Our students receive detailed instruction in various aspects of contemporary classical music performance, and enter the profession as experts in the field. The program features private instruction, group classes, composer collaborations, and groundbreaking performances with MSM's premier contemporary ensemble, Tactus. The curriculum includes classes tailored to the specific needs of the contemporary performing musician.

## **GRADUATE**

*Master of Music degree program*

### **Audition Information**

Applicants are encouraged to audition in person. If this is not possible, the applicant may submit a high quality video recording. All auditions include an oral interview. In the case of a recorded audition, the interview takes place via telephone or Skype. There is no pre-screen requirement for the Contemporary Performance

Program; however, applicants must submit a contemporary repertoire sheet as part of their initial application.

Applicants to the Contemporary Performance Program are welcome to audition with pieces that utilize piano accompaniment, electronics, complex percussion setups, and extended piano techniques. We will be happy to provide equipment and support for the unique demands of this repertoire to the extent of our ability. Please contact the Office of Admissions for more information

### **Audition Requirements**

- One work from the standard classical repertoire that demonstrates the applicant's technical and musical proficiency. Suggested timeframe: Pre-1900
- One work by an established composer from the standard contemporary classical repertoire. This work should demonstrate the applicant's familiarity with contemporary techniques and understanding of style. Suggested timeframe: 1900-2000

- One recent work. This work should demonstrate the applicant's knowledge of recent music. It may include electronics and/or improvisation, and should show mastery of significant technical and artistic challenges. Suggested timeframe: 2000-present

### **Special Needs for Auditions**

For those whose audition repertoire requires piano accompaniment, it is highly recommended that you provide your own pianist for your audition. If this presents logistical problems, pianists will be available who are experienced with contemporary music collaborations. Please consult with Margaret Kampmeier to arrange for this professional service. If the audition includes works involving electronics, please inform the Office of Admission and Financial Aid of setup and sound-check requirements.

## **OPERA STUDIES PROGRAM**

Students in the Opera Studies program refine their technique and develop their artistry under the guidance of a faculty of eminent artist-teachers while gaining exposure before New York City audiences through performances in opera scenes, community and educational outreach concerts, and two full-length productions each

year. Manhattan School of Music opera productions have been praised as a significant contribution to operatic life in New York City, and numerous performances have been released as commercial recordings.

All voice students participate in ensembles, and opera experience is available to all through a variety of opera-related programs and courses. Opera is not a major, but rather a significant feature of the vocal performance experience at MSM. Undergraduate students gain operatic experience through opera scenes programs in the junior year and a senior opera production. Graduate students audition for Opera Studio in the fall semester and may be assigned to main stage productions, scenes, or opera workshops on the basis of these auditions. In addition, several ensemble courses offered through Chamber Music and through the Accompanying program offer extensive opera experience.

# DOCTOR OF MUSICAL ARTS

The program of study leading to the Manhattan School of Music Doctor of Musical Arts degree is offered with majors in Collaborative Piano (with a concentration in either instrumental or vocal music), Brass, Composition, Conducting, Guitar, Jazz, Organ, Piano, Strings, Voice, or Woodwinds. A minimum of 60 credits in approved graduate courses is required. The curriculum is designed to prepare the candidate for a performing career and for teaching at the college level. Students will, therefore, be expected to demonstrate strong academic capabilities in addition to a high level of achievement in performance or composition.

## Admission

Requirements for admission to the Doctor of Musical Arts degree program include (1) a Master's degree or its equivalent in music, (2) an audition before the faculty of the applicant's major department, (3) a three-hour written examination in music history and theory, (4) a TOEFL score of at least 100 (computer-based score).

## Advisement

Students admitted to the program must consult with Associate Dean Langford, Assistant Dean for Doctoral Studies, each semester prior to registration. The Assistant Dean for Doctoral Studies, in consultation with

the Doctoral Committee, administers all matters of curriculum, document topics, examinations, and applications for graduation. All inquiries, forms, and petitions should be forwarded to the Assistant Dean for Doctoral Studies.

## Assistantships in the Classical Division

A limited number of assistantships and teaching fellowships are available to doctoral students qualified to assist professors in history and theory courses, to teach Required Piano, to work in the Outreach and Guitar departments, and to assist the Assistant Dean for Doctoral Studies with administrative duties. Awards are made on a yearly basis. Recipients may apply to the Director of Doctoral Studies for a one-year renewal of their assistantship. Awards may not exceed two years.

## DEGREE REQUIREMENTS

### Classical Division

1. Prior to graduation, all students, except Jazz majors, must demonstrate reading knowledge of a foreign language at a level that will enable them, with the use of a dictionary, to translate 500 words of a musicological text in two hours. The choice of language is usually French, German, or Italian, but the student may petition the Doctoral

Committee for an examination in another language if that language can be shown to be relevant to the student's specific research interests.

2. Prior to graduation, the student must pass a comprehensive examination in both history and theory. This includes a six-hour written exam and a one-hour oral exam before the Doctoral Committee. The examination is offered twice a year and may be taken as early as the second year of study. Any student who fails the comprehensive examination or any portion thereof three times will be dismissed from the program.

3. Students must be in residence at the school for a minimum of two years.

4. All coursework and performance requirements must be completed within seven years of the date of matriculation. A one-year leave of absence may be taken.

5. After completion of the two years of required course work, students register for Thesis Research in every semester until graduation. This registration carries the equivalent of full-time status and a fee of \$800 per semester. In the fall semester, students will submit a written report on the progress of their thesis research; and in the spring semester, they will meet with the Assistant Dean

for Doctoral Studies for the purpose of making a formal presentation of their work.

**6.** Students applying to the Collaborative Piano department elect a concentration in either vocal or instrumental accompanying and are expected to audition with repertoire selected accordingly. Students concentrating in vocal accompanying must pass proficiency exams in Italian, French and German diction or satisfy any deficiency by auditing one or more of the following: Italian for Singers (IT2101-2102), French for Singers (FR2101-2102), German for Singers (GR2101-2102).

**7.** Students may transfer a maximum of nine graduate credits earned at another institution with a grade of A or B; no applied credits (i.e., private lessons) may be transferred.

**8.** Performance majors are required to give three recitals, one of which is usually chamber music. For Collaborative Piano majors, all three recitals comprise chamber music. In addition to the three recitals, graduation requirements for Organ majors include mastery of all major and minor scales in double thirds and arpeggios at the piano, three pedal virtuoso pieces, and four trio sonatas of Bach.

**9.** Piano and Guitar majors have the additional requirement of performing two solo concertos, while other Classical, instrumental majors must play

one concerto and pass a jury examination on excerpts from the orchestral repertoire.

**10.** Composition majors present a concert of original music written primarily during the period of doctoral study. The student is encouraged to participate as a performer or conductor in at least one work. Composers also take a jury examination in each of their first two years in order to assure the Composition Department that works of sufficient quality and quantity are being produced.

**11.** Prior to graduation, all students submit a written thesis demonstrating an advanced level of research and writing skills. Further details concerning the thesis requirement may be found in the Doctoral Studies Handbook available from the Assistant Dean for Doctoral Studies.

**12.** Voice majors must pass proficiency exams in French, Italian, German and English diction or satisfy any deficiencies by auditing or taking one or more of the courses listed in paragraph 5 above.

### **Jazz Arts Division**

**1.** Jazz Arts Advancement majors are required to present:

- One large ensemble recital (Jazz Chamber Music). Students must conduct and/or solo in the performance. This performance should be 90-120 minutes in duration inclusive of intermission.
- One lecture recital on a topic of the student's choice to be approved by the

Associate Dean of the Jazz Arts Program. Duration should be 50 minutes.

- One research document on a jazz-related topic of the student's choice. This document must be approved by the Associate Dean of the Jazz Arts Program and should be from 60-80 pages in length. The research document is a flexible requirement. Underlying this project must be evidence of basic research skills and good writing technique. Beyond that, we suggest work on a subject that will be of sufficient practical interest to the music world to offer the opportunity for publication. Common approaches to this project include a historical study of some subject related to the major field or an analytical study of a work or group of works from the repertoire of the student's instrument or a critical edition of some previously unavailable work(s).

**2.** The culmination of the doctoral program is the comprehensive exam. It is important to understand that these tests are not a measure of what the student learned in the two years of course work at Manhattan School of Music, but are rather an evaluation of his or her total experience with the history, literature, and theory of music gained over many years of working as a musician. Prior to graduation, the student must pass comprehensive examinations in jazz history/styles/analysis

(HSA Exam), theory/analysis (TA Exam), and improvisation (Improv Exam). The HSA Exam and the TA Exam are written exams. The HSA exam involves listening as well as writing and takes approximately three hours. The TA Exam involves analysis of scores and transcriptions as well as short composition exercises and takes approximately four hours. The Improv Exam is a playing and written examination that will take approximately one hour. In the Improv Exam, students are required to:

- Provide their own accompanying trio and perform at the highest doctoral and professional level.

- Memorize and be fluent in all 60 compositions from years 5 and 6 of the departmental handbook (green book) and be prepared to play any of these compositions for the panel. The panel will select several of these pieces for performance.
- With the exception of the following compositions—Nica’s Dream, Pensativa, Upper Manhattan Medical Group, Moments Notice, Airegin, Chega de Saudade, Stablemates, and In Your Own Sweet Way—know all of the remaining compositions from years 5 and 6 in 12 keys.
- Write and play a line on a given chord progression.

- Sight read and improvise on a composition that will be provided by the panel.

Upon completion of coursework, recitals, research document, and comprehensive exams (in this order), the student must present his or her thesis. The thesis is a 30-minute jazz orchestral work (for studio orchestra) to be performed in a Jazz Philharmonic concert. The student must solo in and/or conduct the work. The work must also be accompanied by extensive program notes.

#### **HU0001.NN-HU0004.NN Humanities Core: Non-Native Speakers**

*4 hrs weekly/3 credits  
Humanities Faculty*

MSM has a long tradition of looking to support talented international students with their Humanities studies. The four semesters of the Non-Native

Humanities Core were born in 1995. The courses were designed and have evolved to bridge the ever changing linguistic needs of those international students from their first languages to a more advanced mastery of English-language skills.

This bridge is built using content-based, interactive teaching techniques which allows for flexibility in teaching to the writing needs, the reading comprehension needs and the oral/aural needs of students. Close engagement and examination of readings of shorter excerpts from Humanities Core texts through journal writing, group discussions, whole-class discussions, individual presentations engage students interactively with texts. Relevant films, film clips, works from the fine arts of painting and sculpture, from the performing arts of music, opera, musical theater and dance add another dimension and help form cultural foundations from which to read, understand and address in writing, more easily, the literary works of other cultures. All this leads to open discussion and comparison of similar ideas from all of these sources and helps form a foundation for the work of the literature of these courses. Such rigorous work assists students in developing a sense of linguistic confidence in expressing themselves orally and in approaching complex readings and writing assignments in other courses in the conservatory. The skills and confidence resulting from the NN-Core course work will help international students

integrate more fully into the general community at the Manhattan School of Music.

### **HU1856 Genius, Madness, Vocation: The Artist as Eccentric**

*3 hrs weekly/3 credits*  
*Dr. Pagano*

The phenomenon of creative genius has always been particularly fascinating to students of the arts. How do we define genius?

What conditions enable it to flourish? What driving forces propel the genius forward on the path to creative accomplishment? What is the ultimate fate of the genius who stands apart from the surrounding society?

This course sets out to consider these central questions and to challenge the stereotypical view of genius as identical with madness by examining the life and work of artists who rebelled against conventional standards and sustained vocational commitment to a life of imagination. Representative artists include the Romantic visionary poet and artist William Blake, the reclusive and fiercely independent American poet Emily Dickinson, the iconoclastic and oracular German philosopher Friedrich Nietzsche, the innovative modern novelist and pioneer feminist Virginia Woolf, the revolutionary artist Pablo Picasso, the provocative depth psychologist Carl Gustav Jung, and the seductive 60s American rock star and shaman Jim Morrison from the Doors. In addition to engaging the creative work of these representative geniuses, students will consider the biographical and historical context of their accomplishments through video documentaries and other supporting materials in order to evaluate their achievements and their legacy.

## **MT0016 MT Lab (Senior)**

*3 hrs weekly/3 credits*

*Or Matias*

New Musical Theatre (NMT) Lab is a performance-based course, in which students perform newly-written musical theatre pieces on a weekly basis. While traditional musical theatre education heavily relies on “the canon”, the current professional climate often asks of the performer to workshop and learn completely new material in a rapid timeframe and with little assistance. The goal of this

seminar is to help prepare the students for the expectations they will be met with once they embark on their professional journey. This course demands that the students learn and memorize new songs in a prompt manner, while making artistic choices and decisions on their own. Each performance is discussed and critiqued by myself, and occasionally by a guest artist from the industry. The songs included in the course are handpicked from projects written by the new generation of writers, and have yet to be published or produced. Each student will receive their song 48 hours before the seminar, and will be expected to perform the material at the highest level as demanded in the professional world. The musical sequences grow in length and difficulty throughout the semester, and the course culminates in large ensemble performances.

## **MT0001-0002-0003 Acting 1, 2 & 3, Meisner Technique**

(Freshman/Sophomore)

*3 hrs weekly/3 credits*

The Meisner technique is a progressive system of structured exercises (which leads into scene work) for developing concentration and imagination, stimulating instincts and impulses, in order for the student to be able to create believable, authentic, embodied behavior in relation to the imaginary circumstances they are involved with.

Meisner's approach trains the actor to "live truthfully under imaginary circumstances," to discover personally meaningful points of view with respect to the written, or improvised, word and to express spontaneous human reactions and authentic emotion with the utmost sense of truth.

## **MT0004 Acting 4, Devised Theatre Practice (Sophomore)**

*2 hrs weekly/2 credits*

*Yehuda Hyman*

This course will be a hands-on dive into the experience of creating a work of Devised Theatre. Each class will begin with a warm-up that will alternate between technical exercises (physical, vocal, etc.) and investigatory (sensory awareness and concentration exercises). Eventually students will be in charge of leading their own warm-ups. The body of the course will be devoted to the creation of original Devised Theatre group pieces. Devised Theatre is essentially ensemble-work and a major theme of the course will be the techniques of partnering (duos, trios and large groups). Students will create scenes, songs and movement. Writing will be an essential component of the course. Students will be writing in each class - "Devising" ideas will come out of their timed writing, reflections on the work they are doing in the class and ideas that emerge out of group discussion. The course will culminate in final group pieces, which will be shown to the class, discussed and evaluated, then worked on again for a second showing.

Devised Theatre techniques are widely in use by noted contemporary Off-Broadway ensembles such as Target Margin Theater, SITI Company, Wooster Group and The Civilians. Many of the theater ensembles featured in New York Public Theater's "Under the Radar" Festival are Devised Theater companies. Even commercial Broadway productions use devised theater techniques in the creation of work (i.e., the movement in "The Curious Incident of the Dog in the Night-Time" was created by Frantic Assembly—a Devised Theatre company). Improvisation techniques, team-building skills and the ability to create something from the blank canvas is the foundation of our work in this course. Aspiring musical theater performers versed in the techniques of making Devised Theater will have an advantage in working in professional theater.

Students learn a beginning ballet barre that enables them to musically control their bodies helping them to work consistently. Students learn movement styles from different periods including baroque, classical, romantic, and twentieth century. We emphasize walking, sitting, standing, and falling. Specific dances taught include the waltz, polka, minuet, polonaise, mazurka, Czardas, tarantella, tango, foxtrot and swing (jitterbug).

Once the Italian is authentic, we work on how to be expressive in the language, paying attention to word stress and the variety of ways one can sing a secco recitative in terms of tempo, color, rubato, appoggiature, and how to interpret the composer’s intentions regarding rhythm.

A method for study and preparation of opera and oratorio recitative (secco and accompagnato) with an emphasis on 18th century Italian works and performance practice. Text communication of musical-dramatic content/intent based in translation and transferal of those skills to music.
